### In Situ

From a verdant garden to a fanciful dining room, designers display the versatility and visual joy of the iconic blue-and-white jar.

➤ **MARY McDONALD** The designer's lush Los Angeles garden is a delightfully unexpected site for a few of her oversize jars.

➤ **PAOLO MOSCHINO AND PHILIP VERGEYLEN** A prized collection of antique jars becomes part of a whimsical mural in the duo's Sussex, England, dining room.

➤ **CAROLYNE ROEHM** In an Aspen bedroom, Roehm used a display of blue-and-white vases as her upholstery cue for the dramatic bed and striped pillows.

◀ **LETA AUSTIN FOSTER** Foster anchors a Palm Beach space with a pair of commanding ginger jars.

*When in doubt about what to put on a chest, I use two big ginger jars with something decorative in the middle. Works every time!*
