CLASSIC APPEAL Inspired by different continents and periods of history, Nina Campbell's new collection of wallcoverings is not to be missed. Our favourite is the dramatic Perdana (above). It is available in five colourways, but this striking black background really brings out the vibrancy of the florals. All the designs are printed on an easy-to-hang non-woven base and are available through Osborne & Little, 020 8812 3123, osborneandlittle.com.

 **INSTAGRAM TRAIL**

We're watching a number of style influencers on Instagram. This month, we kick off with interior designer Paolo Moschino @paolomoschino.

How would you describe your Instagram (shown)?

Fun, happy, inspirational, well-travelled and a great companion.

Who would you recommend we follow?

Landscape and textile designer Debby Tenquist @debbytenquist – she has a vibrant Instagram for everyone who loves gardening. Follow H&G @homeandgardensuk.

FOLK TALES

We've taken a shine to the new Global Artisan range from Linea at House of Fraser, 0345 602 1073, houseoffraser.co.uk, where relaxed geometrics and earthy colours offer a modern take on the traditional folk look. Cushion, £30; Artisan throw, £60.

MADE FOR TWO

The neat Salvesen Graham two-seater sofa, H94xW124xD76cm, from David Seyfried, 020 7823 3848, davidseyfried.com, is made to order – simply choose your fabric and the paint colour for the legs. It costs £2,200 plus 9m of fabric.
